AMENDMENTS TO THE CLAIMS:

This listing of claims will replace all prior versions, and listings, of claims in the application:

1. (Currently Amended) A method comprising:
displaying ~~with a device~~ a status of a plurality of consumables ~~in the~~ of a peripheral device and information about ordering at least one of the consumables when at least one condition occurs;
monitoring, with the peripheral device, for an input indicating that an order for the at least one of the consumables has been placed; and
submitting, with the peripheral device, the order for the at least one of the consumable to a supplier if the monitored input indicates an order should be placed.
2. (Original) The method as set forth in claim 1 wherein the at least one condition is receipt by the device of a request for at least one of the status of the consumables and the information about ordering the at least one of the consumables.
3. (Currently Amended) The method as set forth in claim 1 wherein the at least one condition is an indication in the peripheral device that replacement of the at least one of the consumables is recommended based on at least one criterion.
4. (Original) The method as set forth in claim 1 further comprising confirming the order before the submitting of the order.
5. (Currently Amended) The method as set forth in claim 1 further comprising:
processing the order for the at least one of the consumables, wherein the processing comprises retrieving information about the peripheral device that placed the order;
and
supplying the at least one of the consumables based on the processed order.
6. (Original) The method as set forth in claim 5 further comprising determining a distribution of at least a portion of the payment based on the retrieved information.
